Ligament Bracing Solutions

Routinely Prescribed For...

Patients who have experienced mild ligament injuries and/or reconstructive knee surgery.

This Product Can Be Ordered...

Offered With These Standard Features...

- Compression Sleeve
- Patented Townsend Motion Hinges
- Rigid Aluminum Bars
- Reinforced Nylon Hinge Pockets
- Condylar Pads

Available Options Include...

- Latex Free Neoprene Sleeve Material
- Fiber Cool Sleeve Material (Anterior Closure Models)
- Pull On Or Anterior Closure Models
- 12 Inch (2 Strap) and 16 Inch (4 Strap) Models
- Two Hinge Options
- Extension Stop Kit
- Flexion Stop Kit
- Patella Buttress (Pull-On Sleeves)

Townsend's Sport Series braces are designed for maximum durability and achieve more substantial control than traditional soft shell products. The patented low profile hinges track with the knee and are fully contained inside reinforced pockets so there is no exposed metal.

Hinge & Sleeve Options

Sport Series braces are available in a variety of configurations. The optional Fiber Cool sleeves feature an open cell material that reduces sweating and enhances comfort. The anterior closure models are easier to put on and allow for individual tightening of the thigh and tibia sections. The longer four strap models are recommended for taller patients and additional stabilization. The standard hinges have a fixed nonadjustable 5 degree extension stop; the TM5+ Hinges include adjustable extension stops, and optional flexion stops.
